*Yael Kandlik	The association between knowledge and attitudes of physicians and nurses treating children in the community to their behavior advocating routine vaccine acceptance in the Northern District in 2015	M.P.H University of Haifa	2016	
*Shibli Rana	Knowledge and attitudes on Human Papilloma Virus vaccine among mothers to 8 th grade pupils in Haifa and Northern Districts, 2016	M.P.H University of Haifa	Data collection	

Name of Student	Title of Thesis	Degree	Date of completion/in progress	Details of Publication
Suliman Lila	Knowledge, attitude and practice of Arab women in the Northern District on vaccination against influenza and pertussis in 2017	M.P.H University of Haifa	Propiosal approval	

C. Miscellaneous

Resident training in Public Health in Haifa District Health Office of the following physicians

1. Dr Dubnov Yehonathan.
2. Dr Zamir Chen.
3. Dr Zarka Salman.
4. Dr Habib Sonia.
5. Dr Volovik Irena.
6. Dr Hefer Elio.
7. Dr Kabaha Ahmed.
8. Dr Shulman Bella.
9. Dr Marazka Hassan
10. Dr Grifat Rami
11. Dr Weintrub Anna
12. Dr Awad Ahmad
13. Dr Shibli Rana
14. Dr Matanis Marwa

Part II. PUBLICATIONS

First author is the main contributor, last author is usually the group head, the rest appear according to their relative contribution (unless otherwise specified).

A. M.D Dissertation

The release of serotonin from migraine patients' plasma (in Hebrew). Hebrew University, Jerusalem, 52 pages, 1975. Supervisors: Prof Amos Korcin and Dr Alex Dvilansky. 51 pages. Published in PAIN; Vol 2, pages 315-318, 1976 (reference 1).

M.P.H DISSERTATION

Reliability of a method of determining the necessity for hospitalization days in Israel. Hebrew University, Jerusalem, 1984 Supervisor: Prof Leon Epstein. Published in Medical Care 24:279-282, 1986 (reference 6) .

B. Scientific Books (Refereed)

None

C. Monographs

Published

One of the three authors of the monograph "Unnecessary hospitalization days in general hospitals". Jerusalem Institute for Israel Study, Publication Number 23, 32 pages, 1987.

D. Articles in Refereed Journals

Published

1. Dvilanski A, **Rishpon S**, Nathan I, Zolotov Z and Korczyn AD. Release of platelet 5- hydroxytryptamine by plasma taken from patients during and between migraine attacks. Pain 2:315-318, 1976.

M. Summary of my Activities and Future Plans

My research is oriented towards evaluation of the activities of the Ministry of Health. It is done mainly by instructing on MPH theses of students of the University of Haifa and health workers of Haifa District Health Office. My research is and will continue to be taken from the areas that I lead on my everyday working: prevention of diseases, surveillance and prevention of infectious diseases and vaccinations. Therefore this research is simple, field oriented and applicable,
